## **OMSCHRIJVING**

No source, other than the Bible itself, provides more relevant information on the first century than the work of Flavius Josephus. This newly edited version updates the original 18th century language; includes commentary by the award winning author and historian, Dr. Paul L. Maier; features over forty photos of ancient sites and artifacts mentioned by Josephus; cross references numbers throughout to the Greek text of Josephus in the Loeb Classical Library; and offers revised indexes of subjects and Old Testament texts.
